

Hello Judo clubs and coaches,

There is money to be accessed in the Sports for All program to help develop your judo club and judo program. There is still a lot of money left for the judo clubs to access through the sports for all program. With two Judo Saskatchewan competitions left in the season it would be great to have new faces at the competitions or to for you to use this money to help some athletes to get to another competition.

Marginalized Athletes

This is a new initiative. Due to disability, social or economic factors, many young people are unable to access sport. Research proves sport provides a healthy, safe place for youth to learn a new skill and foster growth in self esteem and recognizing this, there are two ways to receive financial support.

A) Clubs who design and implement programs that target this group can access a yearly subsidy of \$300

B) Clubs may also access the same \$300 to subsidize athletes registrations.

The criteria for athletes to receive the funding is at the discretion of the club coach and management and in asking, that the need be so great that without this financial support the athlete would be unable to participate in organized sport. In the latter situation club coaches will be required to have had a conversation with the Sport for All chair.

Introduction to Competition

This initiative is to help white, yellow and orange belts who are in their first year of judo to attend provincial competitions. Judo Clubs can apply for \$75.00 grants for their athletes who fall within this criteria. (maximum 2 per judo club in Saskatchewan)

Summer Camp Sponsorship

This initiative is to help young athletes (Yellow, orange, green belts) to attend the Judo Saskatchewan Summer Camp. There are 10 x \$150.00 grants.

Note: There will be one Free Judo Camp Raffle of at the Judo Saskatchewan AGM

Important: The 2010 Summer Camp is already starting to fill up.....get your registration in TODAY! <http://www.judosask.ca/events/SummerCampNotice.pdf>
